

SPECIFIC GUIDELINES PACK

Legal notice

This document acts as a guide to the specific considerations and undertakings for your potential record attempt and is to be used in conjunction with the **Guide to Your Evidence**, which outlines the evidence we require to verify the success of your record attempt. These guidelines should be read and understood by all concerned with the record attempt prior to the attempt – this includes every participant, organiser and witness.

These guidelines are specific to your record attempt and **must** be followed. Should any part of these guidelines be contravened, your record attempt will be disqualified, without any right of appeal.

Additionally, these guidelines in no way provide any kind of safety advice and cannot be construed as providing any comfort that the record attempt is free from risk.

Guinness World Records ("GWR") accepts no responsibility for the safety of participants or bystanders in any record attempt. It is your sole responsibility to ensure that (a) all necessary safety precautions are in place and that all equipment used is suitable and thoroughly checked prior to the record attempt taking place and (b) you are in compliance with all applicable health and safety laws and regulations.

If you are attempting a record online using a non-GWR website, GWR is not responsible for the content of that platform or anything that may happen, including technical issues, during your attempt.

SPECIFIC GUIDELINES PACK

If you are organising a record attempt in association with an alcoholic brand you must seek explicit written permission in advance from GWR, otherwise your record may not be approved. Please send your requests to GWR using the Correspondence section in your online application.

If you are organising an online record attempt which may involve the consumption of alcohol, the following additional requirements must be met:

- The platform where the record attempt is to take place must include a responsible drinking message.
- Age restriction, targeting or affirmation technologies should be used, where available, to restrict access to users of legal purchase age or over.
- The record attempt must not be advertised in a manner which appeals to minors, encourages irresponsible drinking or offensive behaviour, or challenges participants to consume an alcoholic beverage.

The above guidance does not constitute legal advice and does not extinguish or dilute your contractual obligations to GWR.

If upon reviewing your evidence it becomes clear that any one of the above measures has not been adhered to, GWR reserves the right to disqualify the record attempt.

SPECIFIC GUIDELINES PACK

Finally, the provision of these guidelines in no way constitutes GWR's consent for you to undertake a record attempt. Any record attempt will only be considered to be authorised by us where you have signed our standard agreement in relation to record attempts.

- The record is for the fastest time to type the first 500 Pi decimal places from memory on a tablet computer.
- This is to be attempted by an individual.
- This record is measured in seconds to the nearest 0.01 second.
- For the purposes of this record, pi is defined as a numerical constant relating to the ratio of a circle's circumference to its diameter.
- For the purposes of this record, a tablet computer is considered to be a computer for which the primary user input method is a touch screen with a minimum length of 6" (15.24 cm) along its diagonal cross-section. The device must be capable of accessing the internet using a wireless connection, displaying web pages and allowing user input through a software keyboard. The device must be capable of functioning.

Record Definition

- The record is for the fastest time to type the first 500 Pi decimal places from memory on a tablet computer.
- This is to be attempted by an individual.
- This record is measured in seconds to the nearest 0.01 second.

SPECIFIC GUIDELINES PACK

- For the purposes of this record, pi is defined as a numerical constant relating to the ratio of a circle's circumference to its diameter.
- For the purposes of this record, a tablet computer is considered to be a computer for which the primary user input method is a touch screen with a minimum length of 6" (15.24 cm) along its diagonal cross-section. The device must be capable of accessing the internet using a wireless connection, displaying web pages and allowing user input through a software keyboard. The device must be capable of functioning.

Rules for Fastest time to type the first 500 Pi decimal places from memory on a tablet computer

1. The tablet used for the attempt must be commercially available. Details of the make and model of the tablet computer used must be submitted with the claim.
2. A 'Notes' or other suitable word processing application must be used for this attempt, details of which must be submitted along with the claim.
3. For this attempt, all kinds of autocorrection function (such as predictive text) are to be deactivated on the device or word processor that is to be used.
4. Only the tablet computer's virtual keyboard is allowed for this attempt, and the use of any peripheral device is prohibited. The keyboard layout used in the attempt is at the discretion of the challenger, and the challenger may use any fingers or a stylus to type.
5. The tablet can be either horizontal or vertical during the record attempt.

SPECIFIC GUIDELINES PACK

6. The challenger can either hold the tablet computer during typing or place it on any supporting surface, such as a table or a stand.
7. All numbers must be completely recalled from memory. It is not permitted to view the sequence of numbers at any point during the attempt.
8. The first 500 Pi decimal places: $\pi =$

9. The participant may start the attempt with the characters ' $\pi = 3.$ ' already on the device's screen since the record is monitored by decimal places.
0. After a "3, 2, 1" countdown, the attempt will begin with a loud start signal.
1. During the attempt the number typed can be corrected and re-typed. However, no time may be deducted for any reason.
2. The timekeeper must stop the stopwatch when the challenger (believing the attempt is completed) holds up the device and gives a clear signal. The witnesses must then check that the text has been written correctly.
3. Any typed error will result in disqualification of the attempt. Errors will include:

SPECIFIC GUIDELINES PACK

- Inserting a space between numbers, e.g. $\pi = 3.14159\ 26535$
- Duplicating a number, e.g. $\pi = 3.141599$
- Typing a character unrelated to the sequence, e.g. $\pi = 3.14159\mathbf{b}2653589793$
- Omitting a number, e.g. $\pi = 3.1459$

Rules for 'fastest time to' records

Please make sure you follow ALL these rules:

- The attempt must take place in a public place or in a venue open to public inspection.
- Participants may take a pause or break during the attempt; the clock will not stop under any circumstance until the participant signals the end of their attempt.
- The event is continuous. The clock does not stop.
- A predetermined loud start and finish signal recognized by all participants must be used.
- Two experienced timekeepers (e.g. from a local athletics club) must time the attempt with stopwatches accurate to 0.01 seconds.
- The attempt must be overseen by two independent witnesses.
- The entire attempt must be videoed and submitted with the claim. The full attempt and actions during the attempt must be captured in the video footage.
- Slow motion video footage must also be made available.

Please make sure you supply the following evidence:

SPECIFIC GUIDELINES PACK

- **One cover letter** explaining the context of the record attempt. Please indicate the date, time and exact location of the record attempt, your chosen witnesses and your record attempt measurement. Also, please provide full details of the person attempting the record including details on age, nationality, background and preparation for the attempt.
- **Two independent witness statements** must be provided confirming that the rules above have been adhered to and must explicitly state the total time taken to perform the activity.
- **Two timekeeper statements** must be provided to confirm the details and accuracy of the timings.
- **Photographic evidence** of your attempt taking place capturing the details provided by the independent witnesses.
- **Video evidence** of the entire record attempt, from start to finish that enables us to confirm the measurement achieved, that the guidelines have been adhered to and verify the details provided by the independent witnesses. The camera must be focussed on the attempt at all times and preferably kept static.
- **Media articles** (newspaper, online, TV or radio) should be submitted as part of the evidence requirements. This is not compulsory evidence.

Please read the Guide to Your Evidence document, where you will find further information about the evidence requirements and evidence templates. It is paramount this document is read before you submit your evidence.

Evidence Checklist

SPECIFIC GUIDELINES PACK

- Slow motion footage of record action
- Cover letter
- Witness statement 1
- Witness statement 2
- Time keeper statement 1
- Time keeper statement 2
- Photographic evidence
- Video evidence
- Media articles
